

INTERNSHIP PROGRAM

JOIN OUR TEAM!

The Upper Trinity Groundwater Conservation District is a governmental entity that provides protection to existing water wells, prevent waste, promote conservation, and develop a framework for available groundwater in Hood, Montague, Parker, and Wise counties. With new families moving to North Texas each day, the Upper Trinity continues to grow and expand. We are currently looking for college students interested in applying for a 2020 summer internship. Join the Upper Trinity team to grow as technician and fast track your STEM career!

WHO WE'RE

LOOKING FOR

We are looking for students currently enrolled in an accredited college or university. Both undergraduate and graduate level are welcome. Relevant majors include (but are not limited to):

- Geosciences
- Environmental Sciences
