**<https://us02web.zoom.us/j/86335882763>**  
**1 (346) 248 7799 US**  
**Meeting ID: 863 3588 2763**

**Thursday, March 20, 2025**  
**Hearing begins at 5:00 PM**

---

**PRELIMINARY HEARING ON PROPOSED HISTORIC USE PERMITS**

**NOTICE IS HEREBY GIVEN** to all interested persons in Hood, Montague, Parker, and Wise Counties, Texas:

That the Board of Directors (“Board”) of the Upper Trinity Groundwater Conservation District (“District”) will hold a preliminary public hearing to consider the applications for Historic Use Permits and the proposed Historic Use Permits prepared by the General Manager in response to those applications that are listed in this notice, and to accept public comment and any requests for contested case hearings related to those applications and proposed permits. District Rule F.3 authorizes the District General Manager to process technical reviews and schedule applications for Historic Use Permits for hearing by groups of applications. If an application for a proposed Historic Use Permit is uncontested, the Board may make a decision on the proposed Historic Use Permit at the hearing. Historic Use Permits approved by the Board will authorize the permit holder to pump a specific amount of groundwater each year from a well or well system for a specific purpose of use in compliance with the District’s Rules based on the applicant’s maximum past pumping and beneficial use without waste in a single year during the existing and historic use period, as explained in detail in the District’s Rules.

In accordance with District Rule 2.8, the General Manager has conducted an initial review for administrative completeness of each application for a Historic Use Permit listed in this notice and has determined that each application is administratively complete. The General Manager has also completed a technical review of each application for a Historic Use Permit listed in this notice and has prepared a recommendation for Board action on each application in accordance with the applicable criteria set forth in District Rule F.3(a), including the General Manager’s recommendation for each application’s amount of Maximum Historic Use.

The General Manager’s recommendation on each application has been incorporated into a proposed Historic Use Permit and provided to each applicant by regular mail, along with an advisory on how to protest the recommendation, and notice of the date, time, and place of the preliminary hearing. The General Manager recommends that the Board approve each listed permit as proposed at the March 20, 2025, preliminary hearing. If the Board disagrees with a proposed permit, the applicant and General Manager shall be given an opportunity to present additional argument and evidence to address the Board’s concerns.

The Board may continue the hearing to grant additional time to the applicant to file supplemental evidence with the District.

**Persons wanting to request a contested case hearing on a Historic Use Permit application or proposed permit listed in this notice must submit a written request for a contested case hearing that is received by the District on or before the date of the preliminary hearing as it appears on this notice, as well as before Board action on the application. Such written requests for a contested case hearing must contain the information required in District Rule E.6(d).** A separate contested case hearing request must be submitted for each permit application or proposed permit for which a person desires a contested case hearing. Persons seeking a contested case hearing should participate in the hearing. Additional requirements for requesting a contested case hearing on an application may be found in Appendix E, Rule E.6, of the District Rules:

<https://uppertrinitygcd.com/wp-content/uploads/2021/02/UTGCD-RULES.pdf>

The preliminary hearing will be held on Thursday, March 20, 2025, at 5:00 p.m. and will be conducted at the District Office located at 1859 W HWY 199 in Springtown, TX. The District Board of Directors will also hold a regular Board meeting at the same time and place as the preliminary hearing on the applications for a Historic Use Permit. The regular Board meeting will have a separate notice and agenda.

Questions or requests for additional information, including copies of a permit application or proposed permit being considered by the Board, should be directed to the District's General Manager, Doug Shaw, by phone at (817) 523-5200, by email at [doug@uppertrinitygcd.com](mailto:doug@uppertrinitygcd.com), or by mail at P.O. Box 1749, Springtown, TX 76082. Contested case hearing requests and written comments must be emailed or mailed to the General Manager at the same email address and mailing address, or by delivering the request to the District office at 1859 West Highway 199, Springtown, Texas 76082.

---

Notice of this hearing has been provided to any person who has requested such notice as required by the District Rules.

Persons wanting to join the hearing remotely to observe the hearing, hear the communications that occur at the hearing and the public deliberations of the Board, make verbal comments on an application for a Historic Use Permit, or provide verbal comments in support of their written request for a contested case hearing may join the hearing at no charge online at the following address: <https://us02web.zoom.us/j/86335882763> Members of the public may also access the hearing by telephone at the following number: 1 (346) 248 7799 US. Use Meeting ID: 863 3588 2763. Long distance charges may apply to persons calling in to one of these two numbers, depending upon their phone carrier and plan.

Any additional public information concerning this hearing will be posted on the District's website "Meetings" page prior to or during the hearing at: <https://uppertrinitygcd.com/meetings/>

Additionally, an audio recording of the hearing will be made, and can be requested after the conclusion of the hearing by sending a written request to the District at P.O. Box 1749, Springtown, Texas, 76082, or by email to: [doug@uppertrinitygcd.com](mailto:doug@uppertrinitygcd.com).

## PROPOSED HISTORIC USE PERMITS RECOMMENDED FOR APPROVAL

**Applicant/Permittee:** AM Sauder Trust — PO Box 8546, Wichita Falls, TX 76307

**System ID:** 025-W

**Approximate location of wells included in permit application:** 0.44 miles south southeast of the intersection of Kristina Blvd. and E Hwy 380 in Decatur, TX.

**Maximum Historic Use:** 17,709,800 gallons/year

**Requested Permit Volume:** 51,000,000 gallons/year

**Purpose of use:** The well in the system is used to supply water for mining purposes.

**General Manager's Recommendation:** 17,709,800 gallons/year

---

**Applicant/Permittee:** Aqua Texas, Inc — 3201 Curtis Drive, Fort Worth, TX 76116

**System ID:** 004-W

**Approximate location of wells included in permit application:** Various locations across the Aqua Texas, Inc. CCN located East of Rhome, TX but within Wise county.

**Maximum Historic Use:** 125,779,000 gallons/year

**Requested Permit Volume:** 185,620,750 gallons/year

**Purpose of use:** The wells in the system are used for public water supply for the system's service area.

**General Manager's Recommendation:** 125,779,000 gallons/year

---

**Applicant/Permittee:** Bedrock Production LLC — 306 US Hwy 380, Bridgeport, TX 76426

**System ID:** 086-W

**Approximate location of wells included in permit application:** 0.54 miles southeast of the intersection of County Road 4757 and County Road 4756 near Fairview, TX.

**Maximum Historic Use:** 0 gallons/year

**Requested Permit Volume:** 42,000,000 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 0 gallons/year

---

**Applicant/Permittee:** Bedrock Production LLC — 306 US Hwy 380, Bridgeport, TX 76426

**System ID:** 096-W

**Approximate location of wells included in permit application:** 0.25 miles southwest of the intersection of Hickory Street and Strawberry Lane near Rhome, TX.

**Maximum Historic Use:** 1,325,000 gallons/year

**Requested Permit Volume:** 7,560,000 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 1,325,000 gallons/year

---

**Applicant/Permittee:** Bedrock Production LLC — 306 US Hwy 380, Bridgeport, TX 76426

**System ID:** 100-P

**Approximate location of wells included in permit application:** 0.72 miles south of the intersection of Sylvan Valley Drive and Farmer Road east of Willow Park, TX.

**Maximum Historic Use:** 0 gallons/year

**Requested Permit Volume:** 42,000,000 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 0 gallons/year

---

**Applicant/Permittee:** Bedrock Production LLC — 306 US Hwy 380, Bridgeport, TX 76426

**System ID:** 101-P

**Approximate location of wells included in permit application:** 0.22 miles east southeast of the intersection of E Bankhead Hwy. and N FM 1187 near Aledo, TX.

**Maximum Historic Use:** 0 gallons/year

**Requested Permit Volume:** 21,000,000 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 0 gallons/year

---

**Applicant/Permittee:** Bedrock Production LLC — 306 US Hwy 380, Bridgeport, TX 76426

**System ID:** 102-P

**Approximate location of wells included in permit application:** 1.17 miles east southeast of the intersection of N Front St. and Chestnut St. in Aledo, TX.

**Maximum Historic Use:** 0 gallons/year

**Requested Permit Volume:** 21,000,000 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 0 gallons/year

---

**Applicant/Permittee:** Bedrock Production LLC — 306 US Hwy 380, Bridgeport, TX 76426

**System ID:** 165-P

**Approximate location of wells included in permit application:** 0.04 miles northeast of the intersection of Old Weatherford Road and S Indigo Sky Drive east of Willow Park, TX.

**Maximum Historic Use:** 0 gallons/year

**Requested Permit Volume:** 42,000,000 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 0 gallons/year

---

**Applicant/Permittee:** BKV North Texas, LLC — 4800 Blue Mound Road, Fort Worth, TX 76106

**System ID:** 115-P

**Approximate location of wells included in permit application:** 0.34 miles southwest of the intersection of S FM 51 and Old Airport Road in Weatherford, TX.

**Maximum Historic Use:** 100 gallons/year

**Requested Permit Volume:** 6,978,552 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 100 gallons/year

---

**Applicant/Permittee:** BKV North Texas, LLC — 4800 Blue Mound Road, Fort Worth, TX 76106  
**System ID:** 119-P  
**Approximate location of wells included in permit application:** 1.20 miles northeast of the intersection of Farmer Road and Old Weatherford Road east of Willow Park, TX.  
**Maximum Historic Use:** 200 gallons/year  
**Requested Permit Volume:** 2,884,896 gallons/year  
**Purpose of use:** The wells in the system are used to supply water for oil and gas operations.  
**General Manager's Recommendation:** 200 gallons/year

---

**Applicant/Permittee:** BKV North Texas, LLC — 4800 Blue Mound Road, Fort Worth, TX 76106  
**System ID:** 121-P  
**Approximate location of wells included in permit application:** 0.6 miles northeast of the intersection of Tin Top Road and Leea Lane south of Weatherford, TX.  
**Maximum Historic Use:** 10 gallons/year  
**Requested Permit Volume:** 8,457,246 gallons/year  
**Purpose of use:** The well in the system is used to supply water for oil and gas operations.  
**General Manager's Recommendation:** 10 gallons/year

---

**Applicant/Permittee:** BKV North Texas, LLC — 4800 Blue Mound Road, Fort Worth, TX 76106  
**System ID:** 123-P  
**Approximate location of wells included in permit application:** 0.33 miles northeast of the intersection of Barnes Road and Fox Road west of Weatherford, TX.  
**Maximum Historic Use:** 20 gallons/year  
**Requested Permit Volume:** 7,468,734 gallons/year  
**Purpose of use:** The wells in the system are used to supply water for oil and gas operations.  
**General Manager's Recommendation:** 20 gallons/year

---

**Applicant/Permittee:** BKV North Texas, LLC — 4800 Blue Mound Road, Fort Worth, TX 76106  
**System ID:** 126-P  
**Approximate location of wells included in permit application:** 0.75 miles northwest of the intersection of S FM 1187 and Barber Ranch Road near Wheatland, TX.  
**Maximum Historic Use:** 10 gallons/year  
**Requested Permit Volume:** 11,345,922 gallons/year  
**Purpose of use:** The well in the system is used to supply water for oil and gas operations.  
**General Manager's Recommendation:** 10 gallons/year

---

**Applicant/Permittee:** BKV North Texas, LLC — 4800 Blue Mound Road, Fort Worth, TX 76106  
**System ID:** 167-P  
**Approximate location of wells included in permit application:** 1.03 miles north northwest of the intersection of Bethel Road and Thompson Road northwest of Tin Top, TX.  
**Maximum Historic Use:** 0 gallons/year  
**Requested Permit Volume:** 100 gallons/year  
**Purpose of use:** The well in the system is used to supply water for oil and gas operations.  
**General Manager's Recommendation:** 0 gallons/year

---

**Applicant/Permittee:** BKV North Texas, LLC — 4800 Blue Mound Road, Fort Worth, TX 76106  
**System ID:** 178-P

**Approximate location of wells included in permit application:** 0.47 miles west northwest of the intersection of Farmer Road and Younger Ranch Road northeast of Willow Park, TX.

**Maximum Historic Use:** 0 gallons/year

**Requested Permit Volume:** 0 gallons/year

**Purpose of use:** The well in the system is used to supply water for oil and gas operations.

**General Manager's Recommendation:** 0 gallons/year

---

**Applicant/Permittee:** Blanton, Barry — 3001 Waterwood Ct., Granbury, TX 76049

**System ID:** 097-H

**Approximate location of wells included in permit application:** 0.03 miles southwest of the intersection of Adams Street and Caraway Street in Thorp Springs, TX

**Maximum Historic Use:** 1,991,740 gallons/year

**Requested Permit Volume:** 3,585,132 gallons/year

**Purpose of use:** The well in the system is used for public water supply for the system's service area.

**General Manager's Recommendation:** 1,991,740 gallons/year

---

**Applicant/Permittee:** Blue Ridge Water System — 2003 White Settlement Rd., Weatherford, TX 76087

**System ID:** 026-P

**Approximate location of wells included in permit application:** 0.14 miles north northeast of the intersection of Blue Ridge Drive and N Blue Jay Court near Peaster, TX

**Maximum Historic Use:** 6,986,200 gallons/year

**Requested Permit Volume:** 9,685,700 gallons/year

**Purpose of use:** The well in the system is used for public water supply for the system's service area.

**General Manager's Recommendation:** 6,986,200 gallons/year

---

**Applicant/Permittee:** Bluebonnet Highway, Inc — 241 Private Road 1179, Decatur, TX 76234

**System ID:** 178-W

**Approximate location of wells included in permit application:** 0.34 miles southwest of the intersection of Private Road 1179 and FM 1810 near Decatur, TX.

**Maximum Historic Use:** 1,614,500 gallons/year

**Requested Permit Volume:** 2,368,050 gallons/year

**Purpose of use:** The well in the system is used to provide public water supply.

**General Manager's Recommendation:** 1,614,500 gallons/year

---

**Applicant/Permittee:** Bolivar Water Supply Corporation — PO Box 1789, Sanger, TX 76226  
**System ID:** 010-W

**Approximate location of wells included in permit application:** Various locations near Slidell and Greenwood, TX.

**Maximum Historic Use:** 66,785,000 gallons/year

**Requested Permit Volume:** 78,603,636 gallons/year

**Purpose of use:** The wells in the system are used for public water supply within the system's service area.

**General Manager's Recommendation:** 66,785,000 gallons/year

---

**Applicant/Permittee:** Bourland Estates WSC — 101 Constellation Drive, Cresson, TX 76035  
**System ID:** 028-P

**Approximate location of wells included in permit application:** 0.24 miles northeast of the intersection of Constellation Drive and S Hwy 377 near Cresson, TX.

**Maximum Historic Use:** 10,973,100 gallons/year

**Requested Permit Volume:** 15,000,000 gallons/year

**Purpose of use:** The well in the system is used for public water supply within the system's service area.

**General Manager's Recommendation:** 10,973,100 gallons/year

---

**Applicant/Permittee:** BROWN SOUTHGATE GLEN TEXAS LLC c/o Anterra Management Corporation — 1712 Martin Drive, Weatherford, TX 76086  
**System ID:** 184-P

**Approximate location of wells included in permit application:** 0.14 miles northeast of the intersection of Red Oak Lane and Martin Drive in Weatherford, TX.

**Maximum Historic Use:** 2,628,110 gallons/year

**Requested Permit Volume:** 4,500,000 gallons/year

**Purpose of use:** The well in the system is used for irrigation on the property.

**General Manager's Recommendation:** 2,628,110 gallons/year

---

**Applicant/Permittee:** Camp El Tesoro — 2700 Meacham Blvd., Fort Worth, TX 76137  
**System ID:** 094-H

**Approximate location of wells included in permit application:** 0.73 miles east southeast of the intersection of Monticello Drive and Fall Creek Highway southeast of Granbury, TX.

**Maximum Historic Use:** 1,659,000 gallons/year

**Requested Permit Volume:** 8,000,000 gallons/year

**Purpose of use:** The well in the system is used for public water supply.

**General Manager's Recommendation:** 1,659,000 gallons/year

---

**Applicant/Permittee:** Cann-Weatherford, Ltd — PO Box 7141, Granbury, TX 76049

**System ID:** 131-P

**Approximate location of wells included in permit application:** Various locations near Woodland Road northwest of Weatherford, TX.

**Maximum Historic Use:** 13,870,937 gallons/year

**Requested Permit Volume:** 13,870,973 gallons/year

**Purpose of use:** The wells in the system are used to fill vanity ponds on the property.

**General Manager's Recommendation:** 13,870,937 gallons/year

---

**Applicant/Permittee:** CERA Squaw Creek Golf Course — 3300 Bryant Irvin Road, Fort Worth, TX 76109

**System ID:** 175-P

**Approximate location of wells included in permit application:** Various locations around the Squaw Creek Golf Course in Willow Park, TX

**Maximum Historic Use:** 1,833,800 gallons/year

**Requested Permit Volume:** 6,000,000 gallons/year

**Purpose of use:** The wells in the system are used to fill the lake on the property during droughts.

**General Manager's Recommendation:** 1,833,800 gallons/year

---

**Applicant/Permittee:** City of Saint Jo — PO Box 186, Saint Jo, TX 76265

**System ID:** 002-M

**Approximate location of wells included in permit application:** Various locations in and around Saint Jo, TX

**Maximum Historic Use:** 59,416,900 gallons/year

**Requested Permit Volume:** 85,000,000 gallons/year

**Purpose of use:** The wells in the system are used to provide public water supply for the system's service area.

**General Manager's Recommendation:** 59,416,900 gallons/year

---

**Applicant/Permittee:** CPN Water Works — PO Box 16, Stephenville, TX 76401
